CONTENTS

RESEARCH

Comparison of Hepcidin Levels in Children with and without Soil-Transmitted Helminths Infection Dewi Saputri, Yunilda Andriyani, Almaycano Ginting	129 - 133
Human Sperm Cells After Purification Using SCLB Can Be Stored at 4°, -20°, or -80°C Before Small RNA Isolation Berliana Hamidah, Ashon Sa'adi, Rina Yudiwati	134 - 137
Diagnostic Value of Encode TB IgG and IgM in Supporting Pulmonary Tuberculosis Diagnose Notrisia Rachmayanti, Aryati, Tutik Kusmiati	138 - 141
Diagnostic Test of PIVKA-II as A Tumor Marker for Hepatocellular Carcinoma I Putu Adi Santosa, Dwi Priyadi Djatmiko, Elvin Richela Lawanto, Bogi Pratomo, Hani Susianti	142 - 145
Correlation of Serum Cytokine Interleukin-6, TNF- α Procalcitonin and Leukocyte Count in Patients with Suspected Sepsis Erfina Iim, Jusak Nugraha	146 - 150
Evaluation of the Progressivity Parameters of Chronic Kidney Disease after Branched-Chain Amino Acid Supplementation in Children Esthy Poespitaningtyas, Roedi Irawan, Ninik Asmaningsih Soemyarso, Jusak Nugraha	151 - 157
Analysis of Liver Fibrosis Degree with APRI Score and FIB4 Index on Patients with Non-Alcoholic Fatty Liver Gillian Elvira Seipalla, Nurahmi, Ibrahim Abd Samad	158 - 161
Comparison of the Profile and TSH Levels from Several Types of Blood Collection Tubes Gunawan Eka Putra, Ninik Sukartini, Suzanna Immanuel, Fify Henrika, Nuri Dyah Indrasari	162 - 167
Correlation between Plasma Osteopontin and Alkaline Phosphatase in Type 2 Diabetes Mellitus Patients Josua TH Sinambela, M.I. Diah Pramudianti, Dian Ariningrum	168 - 174
Infection of Cytomegalovirus in Cholestasis Infant with Biliary Atresia Lasmauli Situmorang, Bagus Setyoboedi, Gondo Mastutik, Sjamsul Arief	175 - 181
Seropositivity of Anti-Rubella Antibodies as A Marker for Rubella Infection in Infants at High Risk of Congenital Deafness Nyilo Purnami, Risa Etika, Martono, Puspa Wardhani	182 - 186
Soluble Suppression of Tumorigenicity-2 Levels as Prognostic Marker in Non-ST-Segment Elevation Myocardial Infarction Sherly Purnamawaty, Tenri Esa, Ibrahim Abd Samad	187 - 192

Description of Fecal Culture Results in Diarrhea Patient Due To Antibiotic Use Suci Tresna, IGAA Putri Sri Rejeki, Puspa Wardhani	193 - 197
Analysis of D-Dimer Levels in Deep Vein Thrombosis Patients Anton Triyadi, Rachmawati A. Muhiddin, Agus Alim Abdullah	198 - 202
The Relation of 25-Hydroxyvitamin D Level with Metabolic Syndrome in Type 2 Diabetes Melitus Patients Medityas Winda Krissinta, Diah Pramudianti, Dian Ariningrum	203 - 209
Diagnostic Value of Plasmodium Malaria-3 Antigen Detection on Gold Standard Microscopy Trieva Butarbutar, Puspa Wardhani, Aryati	210 - 216
Differences of Bone Marrow Features and BCR-ABL Variants in Chronic Granulocytic Leukemia Post Tyrosine Kinase Inhibitor Therapy Wivina Riza Devi, M Darwin Prenggono, Purwanto AP, Imam B	217 - 222
Profile of Rapid Molecular Test of Tuberculosis Using Xpert MTB/RIF Faigah Aprilia Sy Faraid, Irda Handayani, Tenri Esa	223 - 228
Analysis of Hematologic Parameters and Serum Bilirubin Levels in Complicated and Uncomplicated Acute Appendicitis Patients Rini Rahman, Ani Kartini, Yuyun Widaningsih, Agus Alim Abdullah	229 - 234

LITERATURE REVIEW

Mean Platelet Volume as A Marker of Thrombosis in Antiphospholipid Syndrome Patients Michael Dwinata, Jonathan H. Haposan, Inolyn Pandjaitan	235 - 240
--	-----------

CASE REPORT

Gestational Trophoblastic Neoplasia with Hypertiroidism Devi Rahmadhona, Betty Agustina Tambunan	241 - 248
A 24-Year-Old Male with Gigantism, Growth Hormone Deficiency, Suspected Clivus Chordoma, Primary Hypothyroidism, Hypogonadism and Pancytopenia W.A. Arsana, M.I. Diah Pramudianti	249 - 256
